EDUCATION

BSC. Industrial Chemistry Obafemi Awolowo University

2012 - 2016

Course

- Industrial Chemistry

WORK EXPERIENCE

TechQuest STEM Academy, Ibadan Techquest, Ibadan

2019 - 2019

TechQuest STEM Academy is a nonprofit organization that provides education technology content, resources and tools for the delivery of STEM (Science, Technology, Engineering & Mathematics), ICT and Digital literacy programs to young Africans at scale.

Achievements/Tasks

- I was part of a team that taught kids, from the age of 9 to 15, the introduction to programming. I thought the kids how to build games and animation using scratch, and how to build basic web pages using HTML and CSS

Learner at ALC 4.0 Andela Learning Community, Africa 4.0

The Andela Learning Community is a network of people, technologists and tech enthusiasts across Africa dedicated to learning how to use technology to solve humanity's problems, powered by Google, Andela, and Pluralsight.

Achievements/Tasks

- I assisted and mentored ALC 4.0 learners in the Mobile Web Track

Manager of Operations Afrimiles Logistics

03/2021 - Present

Afrimiles logistics is a door to door logistics companies that picks up and delivers parcel anywhere within Ibadan

Achievements/Tasks

- I manage the affairs and operations of the company

PERSONAL PROJECTS

Social Media Dashboard

- A frontendmentor challenge. A mobile responsive design of a social media dashboard with a light and dark mode toggle button.

Clipboard Landing Page

- This landing page was built to get it to look as close to the given design as possible. It was created with HTML and CSS, exploring the power of flex-box for responsive web design.

Travel App

- This app was built to obtain the desired trip location & date from the user, and displays weather information and an image of the location using information obtained from external APIs.
